OBJECTIVE

Motivated B.Tech Computer Science graduate (2025) with hands-on experience in frontend development using HTML, CSS, JavaScript, and React. Currently completing the IBM Full Stack Software Developer certification. Seeking opportunities to apply practical skills in building responsive and interactive web applications.

TECHNICAL SKILLS

- Languages : HTML5, CSS3, JavaScript (ES6, Redux), Python
- Frameworks : React
- Tools : Git, GitHub

PROJECT

E-Plant Shopping Web Application

- Built a responsive e-commerce web app for plant shopping using React.
- Implemented component-based architecture (Product List, Cart, Product Details).
- Used React state management to handle cart functionality (add/remove/update items).
- Designed UI using CSS with focus on responsiveness and usability.
- Integrated dynamic rendering of product data.
